

FOR IMMEDIATE RELEASE

Summit Motorsports Park, Norwalk, Ohio. Saturday June 1st, 2010. I've learned a lot during the past several weeks as the Junior Dragster writer for the greatest track in the world, Summit Motorsports Park. The experience has really opened my eyes to the great atmosphere at the Saturday points meets and to the one of the top Junior Dragster programs in the country. The participants in the *American Race Cars Junior Dragsters presented by Bear Motorsports* are sure to be the next great stars of the sport and it is an honor to write about them and give them the credit that they deserve. I've come to know a few of the driver and I look forward to getting to know many more. Our Junior Dragster program includes some of the most talented drivers in the Midwest. *Advanced* class driver Mike Willi is the 2010 High School Nationals champion, winning a \$10,000 scholarship from the University of Northwestern Ohio. He also got to be a "Crewmember for a Day" on the Lake Erie Monster Top Dragster for the B'laster Cavalcade of Stars. *Novice* competitor Ashley Struass got runner-up this past weekend in only her 2nd race ever! I am sure there will be many more great accomplishments made by these young drivers in the future, near and far.

Junior Dragster drivers; I will be interviewing many of you during the Saturday meets for feature stories. If you have a particular story about racing that you want the SMP community to know about, email me at nitronate@roadrunner.com. I would love to hear it and put it on the site.
